The Smart Compressed Air Solutions for Industries

At Aria, we specialize in screw air compressors, including our exclusive Aria range (7.5kW to 37kW), the only screw compressors designed and manufactured in India.

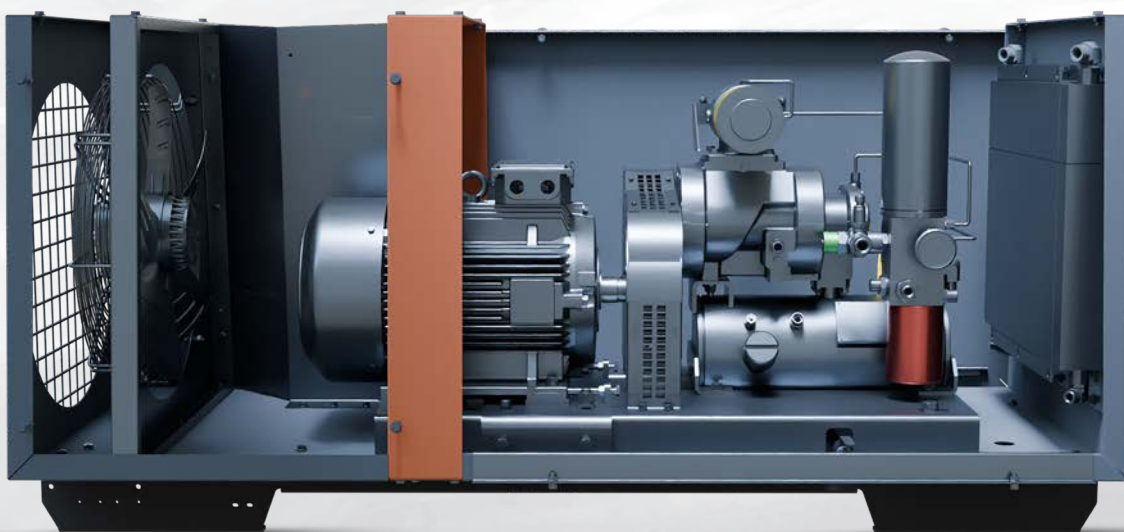

As India's leading compressor manufacturer, we provide rotary screw air compressors tailored to a wide range of industrial applications worldwide.

Our state-of-the-art manufacturing facility ensures the highest standards of quality and durability, meeting global market demands with outstanding products.

Key Product Highlights

- ◆ **Unmatched Durability:** Superior engineering ensures seamless functionality and long-term reliability.
- ◆ **Operational Excellence:** Designed for uninterrupted operation in demanding industrial environments.
- ◆ **Sustainable Performance:** Crafted to align with modern industrial demands for efficient output.
- ◆ **The Smart Choice:** Whether you prioritize energy efficiency or rugged reliability, The Aria range is designed to support your operations.

Tropical-Tough Design | Low Total Cost Of Ownership
Best-in-Class Reliability

Air-Ends

In-house manufactured advanced air-ends ensure enhanced efficiency, durability and reliability- meeting a new standard in performance

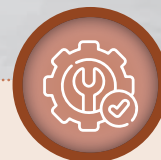

Pressure

The rotary air-ends produce a consistent air flow delivery, free from fluctuations, ensuring stability and reliability.

Installation

The compressor comes pre-equipped with uncomplicated automatic controls, making it ready for immediate installation. An integrated air receiver is available as an optional feature.

Maintenance

Simplified with minimal panel removal and components are strategically placed for convenient access.

Efficiency Unleashed, Possibilities Amplified

Aria oil-injected screw compressors are specifically designed for India's tropical conditions and ideal for a wide array of industrial applications. It is also equipped with a Bluetooth-enabled control system enabling near-field connectivity. The Aria range of air compressors features a user-friendly design, top-of-the-line quality and durability, ensuring lasting performance.

Advanced Controller

The advanced controller has been designed and engineered as an efficient control solution for Aria series. The system allows user to monitor and control overall performance with user friendly indications and alarms.

Product Specification

Model	Drive	Motor (kW)	FAD (CFM)	Working Pressure (kg/cm ² g)	Max Working (kg/cm ² g)	Noise dB(A)	Weight (kg)	Dimensions (mm) (L x W x H)
Aria 7.5	Belt Driven	7.5	42	7	7.5	≤ 72	256	1396 x 666 x 626
Aria 11	Direct Drive	11	58	7	7.5	≤ 75	325	1600 x 760 x 772
Aria 15	Belt Driven	15	88	7	7.5	≤ 78	360	1700 x 858 x 825
Aria 18.5	Belt Driven	18.5	110	7	7.5	≤ 78	380	1700 x 858 x 825
Aria 22	Belt Driven	22	120	7	7.5	≤ 82	460	1700 x 858 x 825
Aria 7.5 T	Belt Driven	7.5	42	7	7.5	≤ 70	355	2090 x 666 x 626
Aria 11 T	Belt Driven	11	58	7	7.5	≤ 75	495	2110 x 760 x 1465
Aria 15 T	Belt Driven	15	88	7	7.5	≤ 78	530	2110 x 858 x 1565
Aria 18.5 T	Belt Driven	18.5	110	7	7.5	≤ 78	550	2110 x 858 x 1565
Aria 22 T	Belt Driven	22	120	7	7.5	≤ 82	630	2110 x 858 x 1565
Aria 30	Direct Drive	30	202	7	7.5	≤ 80	820	1620 x 925 x 1320
Aria 37	Direct Drive	37	234	7	7.5	≤ 80	835	1620 x 925 x 1320
